STRETCH

FABIA FLEX

...with the Fabia Flex:

NEW

- Soft, supple stretch material in combination with black nubuck applications and a fashionable decorative ribbon
- Fits the foot easily thanks to the innovative stretch material no matter how long and exhausting the day is
- Extra volume in the forefoot area thanks to the proven UXGO last
- Lightweight cell sole made of EVA material with incorporated rocker

- Easy to open and close, even for wide feet
- Textile lining for a comfortable fit
- Removable inlay, ready for individual foot orthotics
- Good stability in standing and locomotion
- Available in 2 widths: G (Comfort fit) and H (Comfort plus form)
- Width H ideally suited for wearing a Hallufix splint

## THE V-EFFECT: CREATES A LOT OF ROOM FOR SENSITIVE TOES.

The unique UXGO last is the combination from extra forefoot depth and a snug fit for the hindfoot, which offers free toe movement while at the same time standing firmly in the shoe.

TAPERED REARFOOT

ROOMIER FOREFOOT  
AREA FOR EXTRA DEPTH,  
LESS CONSTRICTIONS
